

# Cure Boating Club

## Private Boat Racking Protocol

Limited private equipment such as single sculls and oars can be racked by current financial members at the club.

### Terms

1. The Club recognises that rowing equipment is expensive and treats all boats with the utmost care.
2. Private boats can be stored for a fee at the Club's discretion on receipt and approval by the Club Committee of a Private Boat Rack Request.
3. Rack allocation is delegated to Club Captain.
4. Storage of club equipment will always be prioritised.
5. When allocating rack space, common sense and fairness will be applied and decisions that are made will be consistent with the values and objectives of the club.
6. The private boat owner accepts that their boat is stored at the club at their own risk.
7. The club takes no responsibility for any unauthorised use of a private boat.
8. An annual fee will be set by the committee at the start of each rowing season and invoiced accordingly.
9. Refunds will not be given if the boat is moved out of the shed during the year.
10. Removal of a private boat requires the written permission of the boat owner plus a notification to the Club Captain.

To apply for private racking, please complete the linked [Private Boat Rack Request Form](#).
